

CENTOGENE Announces Receipt of Nasdaq Notice of Delisting and Intention to Request a Hearing

February 28, 2024

Notice of Delisting Will Not Immediately Result in the Suspension or Delisting of the Company's Securities

CAMBRIDGE, Mass. and ROSTOCK, Germany and BERLIN, Feb. 28, 2024 (GLOBE NEWSWIRE) -- Centogene N.V. (Nasdaq: CNTG) (the "Company"), the essential life science partner for data-driven answers in rare and neurodegenerative diseases, today announced that the Company received a staff determination letter (the "Letter") on Feb. 27, 2024, from the Listing Qualifications Department of The Nasdaq Stock Market LLC ("Nasdaq") notifying the Company of the determination of the Nasdaq staff (the "Staff") to delist the Company's securities from The Nasdaq Global Market due to non-compliance with the minimum USD \$15 million Market Value of Publicly Held Shares ("MVPHS") requirement as set forth in Nasdaq Listing Rule 5450(b)(2)(C). The Staff Determination has no immediate effect and will not immediately result in the suspension of trading or delisting of the Company's securities.

The Letter stated that unless the Company timely requests a hearing before a Hearings Panel (the "Panel"), the Company would be subject to delisting. Accordingly, the Company intends to timely request a hearing before the Panel. The hearing request will automatically stay any suspension or delisting action pending the hearing and the expiration of any additional extension period granted by the Panel following the hearing.

About CENTOGENE

CENTOGENE's mission is to provide data-driven, life-changing answers to patients, physicians, and pharma companies for rare and neurodegenerative diseases. We integrate multiomic technologies with the CENTOGENE Biodatabank – providing dimensional analysis to guide the next generation of precision medicine. Our unique approach enables rapid and reliable diagnosis for patients, supports a more precise physician understanding of disease states, and accelerates and de-risks targeted pharma drug discovery, development, and commercialization.

Since our founding in 2006, CENTOGENE has been offering rapid and reliable diagnosis – building a network of approximately 30,000 active physicians. Our ISO, CAP, and CLIA certified multiomic reference laboratories in Germany utilize Phenomic, Genomic, Transcriptomic, Epigenomic, Proteomic, and Metabolomic datasets. This data is captured in our CENTOGENE Biodatabank, with over 800,000 patients represented from over 120 highly diverse countries, over 70% of whom are of non-European descent. To date, the CENTOGENE Biodatabank has contributed to generating novel insights for more than 285 peer-reviewed publications.

By translating our data and expertise into tangible insights, we have supported over 50 collaborations with pharma partners. Together, we accelerate and de-risk drug discovery, development, and commercialization in target and drug screening, clinical development, market access and expansion, as well as offering CENTOGENE Biodata Licenses and Insight Reports to enable a world healed of all rare and neurodegenerative diseases.
